2026 SPONSORSHIP OPPORTUNITIES

Partner With Us to Restore Financial Independence for Survivors of Human Trafficking

"Every survivor deserves the opportunity to rebuild their financial future free from the debt and damage caused by exploitation."

ABOUT US

A Seed in the Ground Foundation is a survivor-led nonprofit dedicated to restoring financial dignity and economic independence to survivors of human trafficking and financial exploitation.

Through our Credit Reclaim Project, we walk alongside survivors as they navigate the Debt Bondage Repair Act, rebuild their credit, restore their identities, and regain access to essential financial systems.

WHY THIS MATTERS

Human trafficking doesn't end when exploitation ends.

Many survivors leave trafficking with:

- Fraudulent debt
- Evictions
- Destroyed credit
- Closed bank accounts
- Identity theft
- Barriers to employment
- Collections
- Housing denials

Without financial recovery, survivors remain
vulnerable to re-exploitation.

Your sponsorship changes that.
